

What Would You Say...

What would you say if I said life isn't fair?

What would you say if I told you I wish I were there?

What would you say if I said I miss you?

What would you say if I told you I love you?

Yeah... what would you say?

We first met when we joined friends at a movie.

I remember being captured by your quiet beauty.

We didn't talk much. You were shy. So was I.

Two nervous young hearts afraid to even try.

I found myself looking for you in every room,

And every moment around you, ending too soon.

I started seeing who you really were inside,

The warmth all that shyness tried to hide.

What would you say if I said life isn't fair?

What would you say if I told you I wish I were there?

What would you say if I said I miss you?

What would you say if I told you I love you?

Yeah... what would you say?

The closer we got, the more I could see,

Everything about you felt right to me.

My heart beat faster every time you smiled.

Just a glimpse of your eyes drove me wild.

Every night out, I hoped you'd be there,

I got jealous when other guys would stare.

I didn't want anyone holding you but me,

But I kept my feelings locked in secrecy.

What would you say if I said life isn't fair?

What would you say if I told you I wish I were there?

What would you say if I said I miss you?

What would you say if I told you I love you?

What would you say if I said I miss you?

What would you say if I told you I love you?

Yeah... what would you say?

I was scared to tell you what you meant to me.

Afraid of how you might see things differently.

I thought if I waited, the right moment would come,

But love doesn't wait for anyone.

I finally worked up the nerve one day,

And knew exactly what I planned to say.

But, just when I knew what I had to do,

Life stepped in and pulled me away from you.

What would you say if I said life isn't fair?

What would you say if I told you I wish I were there?

What would you say if I said I miss you?

What would you say if I told you I love you?

Yeah... what would you say?

I left without telling you how I really feel,
But these feelings never stopped being real.
Not a day goes by that I don't hear your voice,
I would come back for you if I had the choice.

So... tell me,
What would you say,
If I came back for you?
